BRUSTOR, QUALITY THAT MATCH YOUR STYLE.

Sun Protection expert Brustor crafts **timeless and innovative** designs tailored to every style, from rustic country living to cutting-edge contemporary.

Premium quality materials guarantee long-lasting Outdoor Living solutions for maximum satisfaction. And naturally, every outdoor living patio cover boasts a perfect, meticulous finish.

Our extensive range of layouts and add-on features allows you to personalise your Outdoor Living space **to your heart's content.**

Browse our brochure and get inspired by our latest solutions.

————— CREATE THE ULTIMATE RELAXATION SPACE

Bask in the outdoors from spring's first blossoms through late autumn under the eaves of an **innovative Brustor pergola** – all hours of the day.

Expand your living space into your garden or terrace to infuse time spent outdoors with the luxury of indoor living. Cherish those everyday special moments that give you that holiday feel.

LOUVERD ROOFS

Louverd roof pergolas allow you to customise your terrace and home's natural light and temperature. You decide how much shade or fresh air by adjusting the louver settings.

Discover all the styles and options available for **rotating and/or retractable louverd roofs**. Choose from a wide range of add-on features, designs, and colours.

GLASS AND/OR LOUVERD ROOF

Do you dream of enjoying the best light, shade, and ventilation – indoors and outdoors? Does that include a dry, safe space to house your furniture or an outdoor kitchen? The benefits and options are endless, with an innovative add-on patio cover featuring a fixed roof section with glass or sandwich panels and a roof section with rotating louvers. Always in a streamlined, contemporary design.

FABRIC ROOF

Brustor pergolas with a fabric roof are always immaculately elegant in every configuration. The design is carefully considered, with built-in screens, concealed screws, hidden drains, and high-grade fabric. Go with a standard shade or choose your favourite RAL colour. Brustor's outstanding patio covers are fully customisable.

THREE TYPES OF PATIO COVERS

FOUR SEASONS OF ENJOYMENT

A wonderfully warm spring, a phenomenal summer or a mild autumn... Enjoy your garden, terrace, and the perfect amount of natural light all year round with a Brustor pergola.

Whether you opt for a louverd roof with a glass roof section to maximise your home's natural light, a full louverd roof that you can control and customise, or a retractable pergola: Brustor creates the perfect home and garden experience for every season.

YOUR PERFECT PATIO COVER

IN 3 STEPS

1/ STAND-ALONE, WALL-ATTACHED OR BUILT-IN

Where would you like your patio cover? Over the terrace, to provide the perfect shade and keep temperatures inside comfortable? By the pool? Or would you prefer to add a roof to an existing structure? Choose from stand-alone, lean-to, or built-in.

2/ LOUVERD ROOF, GLASS & LOUVERS OR FABRIC ROOF

Do you want a flexible louverd roof that allows you to decide the amount of light, sun, and ventilation by retracting or rotating louvers? Or would you prefer a fixed glass roof and louver combination? How about a pergola with a retractable cover (folding or roll-up) that you can open or close at will? You decide!

3/ OPTIONS

Personalise your pergola effortlessly with add-on features. Set the mood with LED lighting, add heating for those chilly nights, customise your screen from a wide range of sun protection fabrics, or add built-in electrical sockets and speakers. You can also choose the colour of the frame and louvers.

B128

CLEAN & CUSTOMISED.

The Brustor B128 pergola is an incredibly versatile sun protection solution distinguished by its minimalist design and endless customisability. Expertly designed, this cover offers a panoramic view of the garden and plenty of natural light in your home. The B128 is always wall-mounted and combines the assets of an awning with those of a patio roof.

BENEFITS & SPECIFICATIONS

SPECIFICATIONS

Minimalist aluminium patio with rainproof fabric

Retractable fabric roof with ZIP screen technology

Some overhang (up to 1/3 projection, 1 m maximum)

Compact poles and side rails measuring 80 x 80 mm

Optional: motorised, solar and battery-powered 1m valance

Optional zipscreen and fixed side screen for more privacy

BENEFITS

Panoramic view thanks to minimalist design

The ZIP screen technology's balanced tension keeps the fabric smooth and flat in the side rails

Exhaustive choice of personalisation options

HORIZONTAL

B128

HORIZONTAL SUN PROTECTION

Minimalism at its best and a horizontal fabric roof – that's what puts the B128 Pergola Horizontal Patio Cover a cut above. This pergola's sophisticated design also allows easy mounting for low-rise buildings, e.g. with low-pitch roofs or extensions. The shade cloth roof provides the perfect shade, allowing you to make the most of those sunny days outdoors.

BENEFITS & SPECIFICATIONS

SPECIFICATIONS

Minimalist aluminium patio cover offering sun protection only

Retractable fabric roof with ZIP screen technology

No minimum pitch requirement

DELUXE PERGOLA.

The B128 XL is a lean-to awning and patio cover in one. ZIP screen technology allows the fabric roof to ascend or descend electrically. And the pergola's minimalist design guarantees a panoramic view when open. Add integrated screens to the sides to completely enclose your outdoor space and stay comfortably safe from sun, rain, and wind.

B128 XL

EXTENDABLE & MORE SPACIOUS THAN EVER.

The B128 XL is extendable in width, allowing you to make the most of your extended covered terrace. Ideal for hospitality businesses that want their customers to enjoy the terrace for longer. Thanks to built-in screens, atmospheric lighting and pleasant terrace heating, your terrace enjoys a lot of extra functionality and the experience becomes even cozier.

OPTIONS

PERSONALISE
YOUR PATIO COVER

Go for untold comfort by personalising your patio cover down to the last detail. Brustor makes it happen with a wide range of options. Set the mood with LED lighting, or keep yourself and your guests warm and toasty on those chilly nights with patio heating. Screens in your favourite colour, built-in speakers, and sockets: just imagine and make it happen.

PATIO HEATING

Designer patio heating for those chilly evenings. Select one or more. User-friendly remote operation. Available in a black, white, or anodised finish.

BLUETOOTH SPEAKERS

Splash-proof IP65 Bluetooth speakers in black or white

BUILT-IN ELECTRICAL SOCKET

Splash-proof IP54 electrical socket on the inside of the poles

LEDSTRIPS IN LOUVERS

Dimmable ledstrips in louvers.

LED SPOTS

Dimmable ledspots in frame or support beams.

LED LIGHTING ALONG GUTTERS

Dimmable ledlighting along gutters, UP/DOWN.

INTEGRATED SCREENS

OPTIMALLY PROTECTED

Choose integrated ZIP screens to screen yourself and your loved ones from the wind, sun, or rain and to keep insects at bay. Brustor ensures that the ZIP screens are integrated in the frame of the pergola to keep the design as elegant as possible

EXTRA ATMOSPHERE & COSINESS

SLIDING PANELS

Bring character and personality to your outdoor space with our versatile sliding doors. Whether you have a soft spot for the timeless allure of wood, lean toward the sleek and contemporary appearance of aluminum, or aim for the perfect blend of wood's warmth and aluminum's resilience, we give you the freedom to customize your outdoor setting to your preferences. It's your outdoor space, after all – your unique choice.

You can choose from three types of filling

- Wood louvers - thermal poplar
- Aluminium louvers - RAL colour of your choice
- Aluminium louvers - wood look

WOODLOOK LOUVERS

Brustor wood-look louvers were carefully designed to mimic the natural beauty of natural oak. What makes these louvers unique is that they are made of high-quality, powder-coated aluminium. As a result, they retain not only the warm look of wood, but also the durability and ease of maintenance of aluminium.

TECHNOLOGICAL BENEFITS

Contemporary design with concealed screws

Patented LED strips in louvers

Patented corner reinforcement in the poles for rock-solid stability

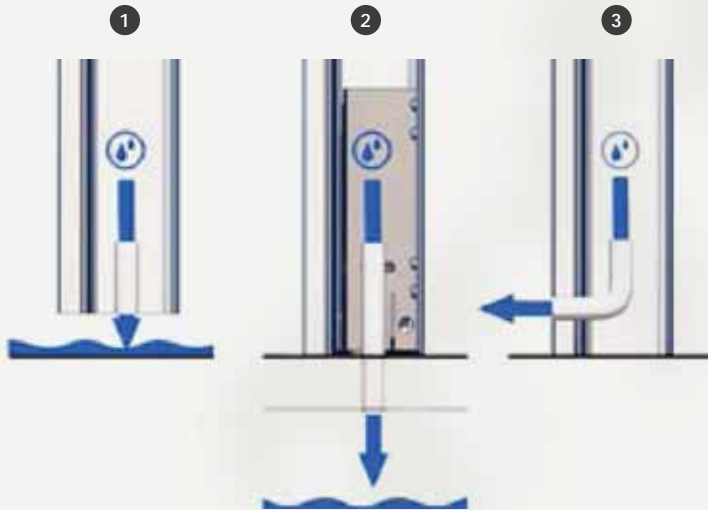

Concealed, easy adjuster to compensate for uneven surfaces and provide solid support. Patented

HIDDEN DRAINAGE

Three drainage systems are available based on the environment. The default is water that drains from the support profile's base. However, your sun protection system can also be configured to drain directly into the sewage system through the base anchor or drain through an output in the profile's side.

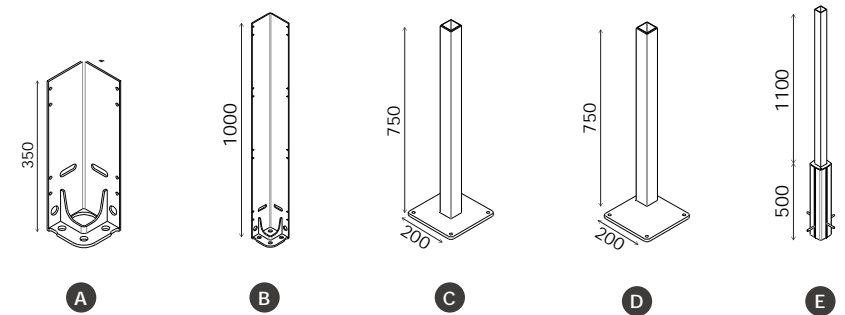

- 1 Standard drainage at profile base
- 2 Drainage through anchor
- 3 Optional drainage through side output

ANCHORING

Various anchor types are available depending on the type of pergola, location, foundation and weather conditions. And sturdy, streamlined design ensures that your patio cover can weather it all.

- A Standard pole support
- B Reinforced base
- C Floor plate 20 x 20 cm
- D Corner floor plate 20 x 20 cm
- E Ground anchor

QUALITY & WARRANTY

BRUSTOR GUARANTEES A HIGH-QUALITY FINISH

COATING

Brustor patio covers are available standard in select classic colours. However, you can have any Brustor pergola powder coated in the colour of your choice. Qualicoat-certified, this powder coating meets the highest standards. Moreover, you can significantly extend your powder-coated patio cover's life with the Brustor Cleaning Kit.

FABRICS

Our screens and fibreglass fabrics are available in a wide range of colours and patterns. Ask your dealer to show you the full collection. All our fabrics have an M2 fire rating.

10 YEAR BRUSTOR WARRANTY

“Outdoor Living’ sun protection solutions feature high-quality, aluminium motorised patio covers with precision engineering. The Outdoor Living system is especially water resistant but not guaranteed 100% waterproof.

Get the most out of your BRUSTOR solution and enjoy years of sun protection with your warranty booklet, full of tips and key specifications. For individual products, please enquire about our special warranty conditions.

Exceptions: 2-year warranty on LED lighting and patio heating.
5 year warranty on fabric, motor and electronics.

These warranty conditions are not conclusive. For our comprehensive terms and conditions see www.brustor.com

CE CERTIFICAAT

All Brustor sun protection solutions comply with European safety standards.

PATIO COVERS FOR THE HOSPITALITY INDUSTRY

Brustor patio covers are a fantastic solution for the hospitality sector's needs. The B200 (XL) and B250 XL can easily be set up for a range of configurations, from stand-alone, lean-to, flush-mount and coupled to a star- or an L-shaped layout.

A generous selection of add-on features helps boost customer comfort, including windproof screens, dimmable LED lighting, patio heating, and more. Brustor helps craft a stylish outdoor space with the perfect ambience. Cosy and protected in any weather, your business is bound to benefit.
