

Holman & Son Ltd

Holman & Son Ltd is today a leading supplier of premium bespoke outdoor shading solutions to both commercial and domestic markets. We strive to built an enviable reputation as being one of the leading bespoke commercial outdoor shading solution providers in Wiltshire, having worked alongside renowned suppliers, designers, architects and developers.

Our commercial team works with a wide range of clients including hotels, pubs, restaurants, cafés, retail outlets, offices and schools across the UK to create the perfect outdoor shading solution.

From our head office in Trowbridge, Wiltshire, we offer a complete service from initial advice on your project followed by the design, supply and installation. Our pergola systems can be designed for all year-round usage. Bespoke design features include heaters, LED lighting and options to create a fully enclosed space.

Awnings offer an elegant and versatile option for those who need complete shielding from the elements on a daily basis. Not only will they offer shade from the sun but they also help to cool the inside of buildings. Ideal for hospitality businesses, they create an all-weather area for schools and education establishments looking to extend their usable space.

We can supply and install a variety of awnings in different designs to fit all situations. A huge selection of colours, fabrics and cassette styles are available to create bespoke design to suit your requirements.

Awnings offer exceptional branding opportunities for businesses who wish to stand out from the crowd. All branding and sign writing is carried out with our suppliers' factory, to give you continuity of your brand outside. Stunning LED lighting in the arms, elbow, and under box add to chic, style finish to the awnings, whilst the addition of heater can ensure extended usage in all weathers.

Pergolas

Our extensive range of pergolas with rotating and retractable roofs are ideal solutions for those businesses looking to create space outdoors in all weathers.

Al fresco dining and spa are in high demand during the spring and summer months so take advantage of this with one of our stunning range of Bruster pergolas. You can enclose the space with sliding glass, add intimate lighting details and heaters to create a truly unique experience for your customers.

Our bespoke design options ensure we work with you to create the perfect addition to your business which is both practical and aesthetically pleasing. Pergolas can offer extra cover space on busy days, guarantee functions throughout the summer whatever the weather and provide a year-round, functional and profitable space. We can even add separate entrance doors to enable you to offer the area on an exclusive basis for special events.
